

Acknowledging the Eternal Creator Takes No Faith It is Scientific Fact

Comment from an atheist: "I don't hate God. I just don't believe He exists."

I wish atheists weren't so blind to their own insanity or so mentally challenged that they can't comprehend science has proven the existence of an Invisible Eternal Creator. By the Law of Causality we know something must exist to act upon anything else. By the Law of Non-contradiction we know the universe did not create itself for it would have had to effect causal force upon itself before it existed to do so. By both these scientific laws we KNOW for ANYTHING to exist there MUST be an ETERNAL CREATOR. Furthermore, we know by the 2nd law of thermo-dynamics that all things visible are passing away just as our Creator tells us in the Holy Bible. By these scientific laws we KNOW the universe exists by the Power of an Invisible, Eternal, Creator just like He tells us...http://biblehub.com/1_timothy/1-17.htm I find it necessary to expound a bit further at this point; because of how many atheists who then respond to this but why GOD? I find it amazing that the spiritual deception that holds these persons in a state of seeming willful ignorance impairs their logic so severely that while attempting to acknowledge that the Universe did not bring itself into existence; they are then troubled in comprehension about the scientific laws just mentioned! the Law of Cause and Effect of which scientists like Newton further expounded aspects of that Law with such notions and phrases as "for every action there is an equal and opposite reaction".

In other words, scientifically speaking, an ETERNAL, INVISIBLE POWER, FORCE, ENERGY sufficient to bring the entire Universe; ALL it contains of visible and invisible reality; exists! The sheer MAGNITUDE of that AWESOME POWER is sufficient to refer to it as GOD! But to further elaborate by those same logical precepts; by implication; for intelligence to exist INTELLIGENCE must NECESSARILY ETERNALLY EXIST in that CREATIVE POWER; enough and GREATER INTELLIGENCE than ALL COMBINED INTELLIGENCE IN THE UNIVERSE! (to fail to acknowledge this is to deny artificial intelligence of computers and robots, genetic modification, etc. that mankind has brought into existence and filled with data and in some cases are beginning to impart to AI the ability to learn from it's surroundings; giving such smart computers and robots artificial perceptive abilities and means to store data it perceives in artificial memory banks.) In other words, rational minds are making no leaps of faith or belief at all in acknowledging that the Eternal Power that brought the entire Universe into Existence by scientific laws MUST BE ETERNAL, INVISIBLE, AWESOMELY POWERFUL AND AWESOMELY INTELLIGENT! To refer to such entity as GOD is truly so simple and so obvious a child can understand it and the only reason every one doesn't is as Christ stated.

John 3:15-21

King James Version (KJV)

15 That whosoever believeth in him should not perish, but have eternal life.

16 For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life.

17 For God sent not his Son into the world to condemn the world; but that the world through him might be saved.

18 He that believeth on him is not condemned: but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God.

19 And this is the condemnation, that light is come into the world, and men loved darkness rather than light, because their deeds were evil.

20 For every one that doeth evil hateth the light, neither cometh to the light, lest his deeds should be reproved.

21 But he that doeth truth cometh to the light, that his deeds may be made manifest, that they are wrought in God.

A response to an atheist and a treatise on Faith... And I'm pointing out that to acknowledge the existence of our Creator takes NO FAITH; it is scientific proven fact! what takes Faith is to believe in irrational worldviews despite everything your senses perceive... like atheism. Our Faith in our Creator is not that He exists but that His Word is Truth; we can trust Him; despite the fact that anyone and everyone we have ever met or known has violated our trust in some form or fashion. It is an unique aspect of our Creator that He is Truth and does not lie; alone trustworthy in all the Universe; the reason that takes Faith is that the creatures He has made in His own image after His own likeness with their free will have chosen at some point in the journey of their incarnation to be deceptive in some form or fashion. So it takes Faith to believe that the Eternal Creator is Truth fundamentally. Our Creator understands therefore our skepticism and so provides ample evidence in all creation that He alone is trustworthy as in His Word the Holy Bible there are testable results throughout (methods given for rewards and consequences); some of which I have briefly addressed here: <http://www.facebook.com/notes/michael-swenson/the-sufferings-of-christ-a-treatise-on-repentance-and-forgiveness/556880667724230> and here: <http://www.facebook.com/notes/michael-swenson/prophesies-show-divine-inspiration-of-the-holy-bible/520171808061783>. It is also why we look to the declaration of the Incarnation of the Messiah, YAHOSHUAH, aka Jesus Christ who showed us the character of our Creator; who never lied; who only spoke Truth; who did no evil though great evil was done to Him; who having all Power and Authority; did not use it against even His enemies but only pled with them to repent and choose to do righteously; who could've prevented His death and suffering but embraced it for the Love of all of us fallen ones; and proving He was in fact the Resurrection and the Life raised his mortal flesh from the grave and transfigured it into an immortal glorious body and is ALIVE to this day and forevermore to answer any and all who call upon Him and PROVE to them He is the embodiment of the Eternal Word, the Truth and Power that Created the Universe and all therein. **It takes Faith for a mortal creature to dare approach and call upon such Great Power; such Superior Intelligence; but it does not take faith to acknowledge His* existence. That only takes a rational mind.**

*by using the male pronoun in reference to God I want it understood that God is SPIRIT; male and female aspects; yet neither male nor female separately.

I cover why the Holy Scriptures, He Inspired, refer to Him in the Male Pronoun and the Universe, He Brought Forth, in the Female Pronoun in this exposition:
